ADDRESS BY MR. CARLIN

At Unfurling of Service Flag by Potomac Lodge of Odd Fellows Last Night—Large Gathering Present at Ceremonies.

Representative C. C. Carlin last night delivered the principal address at the unfurling of a service flag containing fifteen stars by Potomac Lodge No. 38, Independent Order of Odd Fellows, the occasion being the installation of the newly elected officers of that lodge. The address was of a patriotic nature. The flag has been placed at the end of the east platform in the hall. As the flag was unfurled the organist played "The Star Spangled Banner."

W. Clifton Cunningham, district deputy grand master, presided over the exercises, and also installed the newly elected officers. Others who made addresses were O. L. Mason, grand master of Odd Fellows in Virginia; Rev. Dr. John Lee Allison, Secretary Rapp, Washington; Rev. Edgar Capenter and Mr. Stiles, also of Washington.

There was a large gathering of members of the order in attendance. At the conclusion of the exercises there was a smoker and refreshments were served.

The officers of this lodge who were installed are as follows: J. B. Collins, noble grand; Frank Chilcotte, vice grand; G. W. Bontz, sr., treasurer.

The appointive officers are D. W. Stanton, warden; J. M. Reynolds, conductor; Rev. Edgar Carpenter, chaplain; C. W. O'Meara, right supporter to noble grand; I. S. Groves, left supporter to noble grand; W. H. Haynes, right scene supported to vice grand; W. B. Joseph, left scene supporter to vice grand; Joseph Williams, right suporter to vice grand; J. T. Luckett, left supporter to vice grand; Arthur Lloyd, inside guard; Frank Beach, outside guard.

GRAND THEATER MONDAY, "THE MAD LOVER"

Elaine Hammerstein, the chic and charming photodrama star, who plays opposite Robert Warwick in "The Mad Lover", is the granddaughter of the famous operatic impresario, Oscar Hammestein. Her father, Arthur Hammerstein, was engaged in the theatrical profession as a producer.

Miss Hammerstein is only 21 years and tips the scales at 125 pounds. She possesses a plentitude of wavy brown hair, a pair of big gray eyes and a winning smile. Her work in "The Mad Lover" is by far her greatest effort either on stage or screen. Offered a host of opportunities to display her remarkable talent she takes advantage of them all and according to her director, Leonce Perret of motion picture fame, her role as a kittenish bride is one of the sensations of this year's cinema's productions.

Also, the 5th episode of "The Retreat of the Germans at the Battle of Arras.". There will be no raise in the price of admission.

Elks Quite Comfortable.

Members of Alexandri Lodge of Elks are making themselves quite comfortable in the old Elks' Home, corner of Prince and Royal streets, while the new Elks' Home is being used by the Camp Community Service as a club for enlisted men. A meeting of this lodge will be held at 8 o'clock Monday evening. It is announced that there is always a cordial greeting for visiting members of the order.

MIDSUMMER MARKET

Fair Supply of Vegetables and Fruits, But Prices at High-Water Mark.

There was more animation in market this morning than has been noticeable on any previous Saturday this year. There were many displays of vegetables and fruits, but prices remained as firm as the rock of Gibraltar.

Green corn was held at 50 cents per dozen; string beans, 15 cents per quarter peck; beets, 8 cents per bunch; cabbage, 5 cents per head; green peas 25c per quarter peck, cucumbers, 5 to 8 cents each; potatoes (small), 18 cents per quarter peck; large, 20 cents; onions, 2 to 5 cents per bunch, and lettuce, 5 to 8 cents per head.

Eating apples were selling at 20 cents per quarter peck, peaches, 20 cents per box, cantaloupes, 15 cents each, blackberries, 15 cents per box, and raspberries, 25 cents.

EXCURSION BOAT SINKS

Vessel Capsizes as Passengers Rush to One Side Following Collision—Over Five Hundred Aboard.

Peoria, Ill., July 6.—Nearly one hundred persons were unaccounted for early today following the sinking of the excursion steamer Columbia in the Illinois river between Peoria and Pekin, Ill., shortly after midnight.

Twenty bodies had been recovered at daylight and telephone messages from the scene of the wreck indicated that other bodies had been located between the decks of the vessel.

Fiv hundred and fifty persons were believed to have been aboard the vessel. Scores of survivors, some of them injured, are being cared for at Pekin.

The vessel was returning to Pekin from Alfresco, a summer resort. A dense fog lay over the river.

With the excursionists dancing on the upper deck to the strains of a band, the Columbia ran on a sand bank. She was promptly backed off, but immediately began to list. Later reports indicated she had struck a a submerged log and a hole had been torn amidships.

Panic stricken, the excursionists rushed to the port side of the boat in spite of the efforts of the crew to keep the deck load evenly balanced. Less than five minutes after she had struck the bar, the Columbia overturned in mid-channel and sank.

Dozens of men and women leaped into the water and others were thrown into the river when the boat turned over. Many were between decks, and it was believed certain that they went down with the boat.

Shrieks of dozens of survivors who were paddling about the wreck were heard in the village of Wesley, opposite where the accident occurred. Several small boats put off from the shore to pick them up. Calls for help were sent by telephone to Peoria and Pekin and launches started for the wreck from those points. A special train carrying nurses and physicians was dispatched from Peoria. Survivors declared that four babies, left on the upper deck during the dancing, perished.

It is believed that scores who were not drowned were crushed and maimed when the steamboat broke in two, the upper decks crashing down on the dance floor, where the greatest crowd was centered.

REDUCES HIS HEIGHT AND ENTERS THE MARINE CORPS

Pittsburgh, Pa., July 6.—Alexander D. Dunsmore, a nephew of Secretary of Labor William B. Wilson, could not add one cubit to his stature but he did reduce his height one-half inch and thereby lowered bars that had kept him out of the Marine Corps.

Dunsmore, whose home is at Curwensville, Pa., applied here for enlistment two months ago. He was told that he was a half inch over the height limit. Recently he returned and passed.

To the "how-did-you-do-it" inquiries he explained that a surgeon had "slipped" his arches the half inch. He narrowly missed a new danger, that of flat feet, by the operation.

UNEXPLAINED ABSENCE

Causes Request to Be Made of Police to Locate A. G. Lizee Missing From Camp Humphreys Since June 1.

A. G. Lizee, from Philadelphia, who was employed by the Potomac Efficiency Company, Camp Humphreys, Va., disappeared about June 1 from that place and since then nothing has been heard from him by his family, consisting of a wife and child, now living in Mohtomedi, Minn., according to a report made to Chief of Police Goods.

When Lizee left Camp Humphreys, according to reports, he said he was going to Alexandria to see if he could find a house for his family. His protracted absence has caused his family considerable alarm.

SPECIAL NOTICES

THREE HURT IN CRASH

Alexandrians Treated in Baltimore After Being Injured When Machine Struck Tree—Three Baltimoreans Also Injured.

Three Alexandrians were injured in an automobile accident in Baltimore yesterday, and three Baltimoreans, also in the same machine, received injuries.

Those injured from this city are as follows: Charles Clark, cut about chest, taken to Johns Hopkins Hospital; George Simpson and John H. Penn, lacerations about hands and face.

Others in the machine who were injured are Leonard McMahon, lacerations about the face; Joseph M. McCourt, leg broken and lacerations about hands, taken to John Hokins Hospital; George Gamie, all of Baltimore.

A Baltimore dispatch says that according to the story told by the men the uneven nature of the road led the machine to slip and hit a tree.

Clark was driving the machine and McCourt was seated beside him. They were pinioned in the front seat, the windshied was broken against Clark's chest. The other man pushed the machine away from the tree and after first-aid treatment had been given McCourt and Clark were taken to the hospital. Simpson and Penn being non-residents of the state, were detained by the authorities until an investigation of the accident is completed by the police.

ALLIES LAND IN RUSSIA

Immediate Action on Part of United States Urged by War Council and General Foch—May "Go It Alone" If President Declines.

Washington, July 6.—Immediate intervention in Russia, both military and economic, has been urgently recommended by the inter-allied war council and General Foch. The council report is in the hands of President Wilson—has been since July 3—and allied diplomats believe he will concur in it.

Should he refuse, the possibility is held out today that Great Britain, France, Italy and Japan may "go it alone" upon the recommendations of the war council.

Already British, French, Japanese —and American— marines have landed at Vladivostok, it developed today. Ostensibly they went ashore following the battle between the Bolsheviki and Czecho-Slovaks Sunday, to protect the allied consulates.

With them are 2,500 Dalmatian troops, formerly prisoners of war in Russia and now under the Italian flag, awaiting orders from General Foch.

Channel Tunnel

London, July 6.—The proposal to build a tunnel under the English Channel has again met with favor. French and Italian delegates at the international parliamentary conference here yesterday unanimously carried a resolution indorsing the plan.

Probable freight and passenger traffic between Great Britian and the continent through the proposed tunnel would be $5,590,000 annually, or 7 per cent on the tunnel company's capitalization of $80,000,000. Five yeears would be required to build the tunnel. It would be protected against depth mines and submarines by a chalk bed of a minimum thickness of 100 feet.

BOIL THE CITY WATER

Request of City Health Deartment. Hotels and Restaurants Notified by Police Department to Boil All Water Served Patrons.

The City health department requests that all users of city water boil the same before drinking. This department also has directed the members of the police department to notify proprietors of all hotels and restaurants and other public places where city water is used to boil the water before serving to their patrons.

This is done simply as a precautionary measure by the health department, it is stated.

DELAYING NEW OFFENSIVE

Believed Wilhelm Restrains Hindenburg's Reckless Slaughter of Men

Von Hindenburg's delay in starting a new offensive along the west front is strongly indicative of a new lack of confidence at the kaiser's headquarters in the ability of the German army to win decisive results on the battlefield. There are powerful influences at work trying to persuade the kaiser not to permit Von Hindenburg to continue his policy of ruthlessly slaughtering Germany's man-power for chimercial results. A definite policy by the Germans of a defensive role is under discussion at general headquarters. Whether or not this relinquishment of initiative shall be acknowledged at once, or only after another futile effort to break through the allies' front is a matter which the kaiser must quickly decide.

He has refused his consent, at least, to an impetuous offensive, undertaken like the latest German drives, without due strategic forethought. This much is known from the exceptionally long interval which has passed since the beginning of the fourth offensive. Between the commencement of the first and second German offensive this year, there was a period of nine days, between the starts of the second and third offensive thirteen days. It is now twenty-openings of the third and fourth offensive thirten days. It is now twenty-six days since the fourth offensive began and no signs are yet in evidence that a fifth is in immediate preparation.

This means that Von Hindenburg has acknowledged that his previous tactics of hurried drives were wrong. It may mean further that the arrival of America's first million in France has exercised a decisive influence on the side of the conservative military leaders and that authority has been taken from Von Hindenburg to sacrifice the German army at his own blood thirsty will. If Von Hindenburg ever intends to strike again he cannot afford to wait until many more American troops enter the trenches against him. The announcement of Secretary Baker concerning the dispatch of American troops overseas shows that more than 50,000 are being sent weekly. It may be that this fact will make Von Hindenburg's present pause permanent.

ENEMY RAIDS REPULSED

French Detachments Penetrate German Lines and Take Prisoners.

Paris, July 6.—American troops on the Toul front and in the Vosges region repulsed German raids, the French war office announced today.

"In the American sector at Xivray (on the Toul front) and in the Vosges German raids were repulsed," the communique said.

'French detachments penetrated the German lines and took prisoners in Le Chaume wood."

Many members of Alexandria Lodge No. 758, Benevolent and Protective Order of Elks will attend the annual meeting of the National Organization of Elks, which will be held in Atlantic City next week. The convention will be formally opened tomorrow and business sessions will begin Monday.

Jacob Brill, past exalted ruler of this lodge, will represent the local lodge at the convention. Others who have plnned to attend include A. A. Paul, exalted ruler; George W. Bontz, jr., secretary; Clarence F. Johnson, W. J. B. Duncan, James Callan, Henry Callan, Lorenzo Wolford, T. N. Eddy and William E. Moore. The last named two will motor to Atlantic City Monday.

On Thursday a big parade will be held which will be a feature of the festivities planned for the occasion. A large delegation from Richmond and other Virginia cities will attend.

SEEK TO DEFEAT BLEASE

South Carolina Democrats Want Senatorial List Reopened.

To insure the defeat of Cole Blease for the United States Senate, as the successor of the late Ben. R. Tillman South Carolina Democrats declared yesterday that the Democratic State Central Committee of that commonwealth would be called upon to reopen the candidates' list, that a man of the type of Representative Lever or Governor Manning might be given an opportunity to enter the contest Either Manning or Lever, it is declared, can beat Blease hands down.

The belief was expressed that the Democratic State Central Committee likely would agree to this plan on account of the death of Senator Tillman The committee is controlled absolutely by the anti-Blease faction more than three-fourths of its members being against Blease. The candidates' list for the Senatorial nomination closed last month with Tillman Blease and N. B. Dial in the race. Dial it is declared, while a good man and one who would make a good Senator is not well enough known to make the race. He belongs to the old aristocratic faction in the state, which Tillman defeated more than twenty-five years ago. He is not only opposed to Blease but he frequently has bitterly attacked Tillman with the result that the Tillman people fear that they can not line up their friends for him enough of whom, it is said, might go to Blease to give him the nomination.

Therefore, the Democratic leaders of the state believe the best policy would be to re-open the candidates' list and permit a third man to enter one upon whom the strong anti-Blease and pro-Tillman followers can unite Representative Lever, who withdrew from the race at the behest of President Wilson, it is declared, will make the strongest candidate against Blease on account of his popularity with the farmers.

Democratic leaders, therefore, feel that Cole Blease has seen his best day in South Carolina. They, however, do not wish to take any chances and for that reason the proposal is made to re-open the primary lists.

The impression outside of South Carolina that Blease is running on an anti-war, anti-administration and anti-Wilson platform is wrong. Blease, on the other hand, is making his fight on a platform that he will stand to the very last behind President Wilson in an effort to crush the German military machine.

At the Richmond Tonight.

Cecil DeMille's production "Old Wives for New," by David Graham Phillips, will be the attraction at the Richmond Theater tonight. This picture has a big human appeal; it deals with intimate phases of marriage and divorce ;every phase and humor of a woman is in it. It shows that a wife must compete with other women if she wishes to keep her husband, and that by such competition she benefits physically, morally and mentally.

At the Suprise the sterling actor, J. Warren Kerrigan will be seen in a romantic story of the oil fields "The Turn of a Card."

MURDER THIS MORNING

At Camp Humphreys — William Adams, Colored, Shoots and Kills William Coleman, Colored—Shot Intended For Another Is Report.

William Adams, colored, thirty-six years old, whose home is in Richmond, Va., this morning shot and killed William Coleman, colored, about twenty-one years old. Both men were employed as laborers by a contractor at Camp Humphreys. The shooting took place while the men were at breakfast at a big mess hall at that place.

Following the shooting Adams left the camp, coming to Alexandria on a motor truck. He changed his clothing and subsequently was captured by Chief Goods and Policemen Power and Massie in a lunchroom in the northeastern section of the city.

Adams when seen in his cell by a reporter for The Gazette, stated that when he was at breakfast this morning a colored man who also was at the same table, threw a jug of molasser at him, knocking his food off the table. The man also, he claims, acted in a menacing manner toward him, whereupon he pulled out his pistol and fired. He says he did not know whether he hit the man or not, but he at once left the place.

News brought here by persons from the camp, where the men are stationed, is to the effect that Adams shot at another colored man and the shot instead of striking the man for whom it was intended struck Coleman killing him instantly as he sat in his chair at the breakfast table.

The man whom he intended to shoot, according to reports, was subsequently rounded up by the military police at Camp Humphreys and is now held by them for investigation.

Coleman, it is stated, lived in Fredericksburg, Va. The body was brought here this afternoon and taken to Demaine's mortuary chapel, where it was viewed by Justice Troth.

KUEHLMANN ATTACKED.

German Editor Says Charges Were Printed to Oust Him—Will Not Resign.

Amserdam, July6—Chancellor Hertling's suit against the editors of the Deutsche Zeitung and the Alldeutsche Blatter, for charging Foreign Minister Kuehlmann with immorality, began yesterday, according to a Berlin dispatch received today. The public was excluded.

The editors claimed the charges were true. Many witnesses, including the chauffeurs who served Kuehlmann in Bucharest, testified.

Dr. Lovan, of the Deutsche Zeitung, said the articles were published to oust Kuehlmann, and if it were guaranteed that Kuehlmann would retire shortly, he would apologize. The president of the court formally announced that Kuehlmann would not resign.

Kuehlmann and Count Czernin, then Austro-Hungarian Foreign Minister, were charged with various acts of immorality during the Roumanian peace negotiations at Bucharest. They were charged with publicly associating with notorious women of the underworld and Kuehlmann is said to have "insulted a lady of high birth."

82 SHIPS LAUNCHED.

Freshet in Columbia Kept 11 From Swellinf Fourth of July.

Washington, July 6.—American shipbuilders went beyond their objective in the Independence Day drive for new tonnage.

The shipping board announced yesterday that the workmen started out with the expectation of launching 439,886 deadweight tons, but late reports to the board today showed that 474,464 tons had been gotten ready to be put overboard .

The actual number of ships launched was 82. The launching of 11 others was held up by a freshet in the Columbia river, while two others stuck on the ways. They are expected to be released without great delay.

As a result of the Independence Day launchings July and August deliveries are expected to show tremendous increases as compared with preceding months. Machinery is beginning to come through for the wooden hulls, many of which have been delayed after launching by the lack of engines.

THE ANGELUS

The Senate yesterday passed a resolution requesting the President to issue a proclamation calling on the American people to observe noon prayer during the war.

"And he spake a parble unto them that men should always pray and not to faint," are the words of the Great Teacher. Most people upon the earth act upon this truth. It may be neglected at times when the tide in our affairs is high, but, sooner or later, every son of Adam turns his eyes upward and asks help from powers above us.

The suggestion that at this critical time we turn our thoughts heavenward at noon is timely, and there is no reason why Alexandrians cannot act upon the resolution which has just been passed by the United States Senate. Unlike Mahometan countries, there are no muezzins in our city to ascend church edifices and turn to each point of the compass and summon the faithful to prayer, but there is hardly an inhabitant who is not aware of the coming of high noon. Whistles at workshops sound out the mid-day hour, while the watches and clocks are everywhere.

The power of prayer is often manifest not only in the history of individuals but among nations. Probably the most plain instance was that of ancient Nineveh. Jonah is told to go to that great city and cry against it. He attempted to evade his duty, but finally reached the city—a foreigner and a tramp reacher. He began to cry, "Yet forty days and Nineveh shall be destroyed." The people from the king down to the humblest subject gave heed to his words. They sat in sack cloth and ashes nd cried mightily to God to save them and their city. Their prayers were heard and Nineveh was preserved.

There is a thought here which should be encouraging to all.

TIME FOR THE BLUE PENCIL

A Baltimore cotemorary which opens its columns to correspondents recently published an article written evidently by one whose wounds have healed falsely in which he alluded to stories published during the war of alleged cruelties to northern prisoners in Andersonville and Libby prisons.

It has been shown time over and again that the Southern people at that time were suffering for the necessities of life, while Confederate soldiers were subsisting upon corn on the cob. If federal prisoners failed to get all they needed it was not the fault of their captors.

Another correspondent prints an answer to this attack in which he seems to "go over the top." Among other things he says:

"Cruelties, starvationand brutalities were inflicted on the Confederates imprisoned at Johnson's Island, Camp Chase, Point Lookout and other prisons, where, amid the riches and abundance of the Northern states, the starved prisoners of war ate rats and the refuse from the garbage barrels to appease hunger, and many died from starvation and sheer neglect.

The writer says his adversary is ignorant of history in not being acquainted with the statement he makes. We must confess we are equally ignorant, although cotemporaneous with the war between the states, and ever ready to make explanations of charges of the privations federal prisoners may have been called upon to suffer with the civil populations of the South. We never heard of Confederate prisoners being forced to eat rats or garbage.

A former Coonfederate soldier of Alexandria, who is still in the land of the living, said on one occasion that he never enjoyed a better time than while a prisoner of war at Fort Warren. He had plenty to eat and nothing to d and spent much of his time at football.

At this time, over half a century after the unfortunate conflict between the North and the South, and while both sections of the country are vieing in a war aginst absolutism, it seems that such articles should be repressed and that the editor of the Baltimore paper could use his blue pencil to advantage.

JUPITER REDIVIVUS

A man was seen one day to stop in front of a statue of Jupiter in a museum and take off his hat and bow. A bystander approached and said: "Why do you accord such honors to the chief deity of Mount Olympus?" The man replied, "Now should heathen mythology ever become popular again on this earth I would have a friend among the gods."

A correspondent of a newspaper in a neighboring city suggests that Jupiter should be honored as he was in the days of Pericles. While he does not recommend that we erect a statue of the deity akin to that which was in the temple at Olympia, he thinks that the worship of the Greek god should be followed in all civilized countries. Among other things he says:

"A great many arguments are heard today for and against religion. Would it not be a good idea if it were brought under one head? This could be done with the aid of astrology. Churches and races are numerous, but there is only one Jupiter. What if students of theology were taught astrology, would it not attract more people to church? Yes, and produce better prophets than what lived in the Dark Ages. Because of the wonderful instruments man has made all prophecies will be facts. Learned theologians admit a change must come as the benches are getting emptier all the time. We are living in stern reality. The preachers must not feel distant in questions that work for the welfare of the community. I would advise since England wrested Jerusalem from the Turks, to establish a church there under one head. Same should be called Metropolitan, whose influence would be greater than all other religions combined. When thus established its power would stop all attempts to form new sects, which, to my opinion, is detrimental to faith. Astrology has been used and recognized by Thales, Aristoles and other learned men, who were not ashamed to admit it."

THE GOSPEL OF LIBERTY

The Gazette yesterday in speaking of the universal spread of the principles of the American Declaration of Independence and the celebration of the Fourth of July in foreign countries on Thursday, said the echoes of the bold act of our forefathers were being heard over the civilized world. Autocracy today—that is what is left of it—sits like Damocles with a sword suspended by a spider's web over its heads. Its fall is inevitable, although long delayed.

The Fourth of July was celebrated in Saloniki Thursday. This ancient city was known as Thessaloniki in the days of Paul, the renowned evangelist. Paul spent two weeks in the place, and the first of his letters was the "First Epistle to the Thessalonians."

Paul carried the gospel to the place. Seventeen hundred years later the colonists of North America proclaimed their independence, and the gospel of human liberty was celebrated on the Fourth of July, 1918, in historic Saloniki.

This ancient city has witnessed the waxing and waning of many nations during its long career. It saw the decline and fall of the great Roman empire, the rise of Mahomet, the passing of the dreams of Charlemagne for universal power, the fall of Napoleon, and will witness the dispelling of the hallucinations of William Hohenzollern.

GERMANS LONG FOR PEACE

Philip Scheidemann, leader of the majority socialists, replying in the German reichstag Wednesday to Vice Chancellor Payers' reproof for socialist opposition to government measures, declared he had nothing to withdraw. "We will co-operate with the government only if the peace resolution is clarified," Scheidemann said. Scheidemann's action is regarded as important, as it was the first time in the war that the majority socialists refused to vote for the government budget. It is bound to produce a far-reaching effect on the people. It is learned that Scheidemann, in his recent conference with Pieter Troelstra, the Dutch socialist leader at The Hague, declared the German socialists will not support the government until the latter makes a reasonable step toward peace.

In a leading article, the Socialist newspaper Vorwaerts of Berlin declares that the desire of the German people for a speedy peace with honor is so strong that a sensible accommodation from the other side would be bound to lead to its realization. Continuing the paper says that "the policy of truth demanded by Philipp Scheidemann, socialist leader, requires an admission that the economic forces of the German people are not inexhaustible and the fact that they are cut off from overseas raw material is being increasingly felt."

LESS GRACE FOR LIQUOR.

Dry Advocates in Senate Would Clamp Lid Lown in 6 Months.

Washington, July 6.—Prohibition advocates in the Senate planned yesterday to seek changes in the pending Norris Amendment to the Emergency Agricultural Appropriation bill so as to prohibit the sale of whisky, wine or beer after six months. As reported to the Senate the Norris amendment prohibits the sale or withdrawal from bond of distilled spirits and the manufacture of wine, except for export, after June 30, 1919. It would forbid the manufacture of beer three months after approval by the President.

Senator Norris, of Nebraska, Senator Hendricks, of Wyoming, and other prohibition leaders now want to make the period six months for all intoxicants. If a recess is taken tomorrow as planned, they will make their fight for the change as soon as Congress reconvenes.

Senator Gore, chairman of the Senate Agriculture Committee, announced late yesterday that unless Congress recesses in the meantime, he will call the committee together Monday to consider the proposed changes in the amendment. A majority of the committee members were in favor of the changes.

A NERVOUS WRECK

From Three Years' Suffering. Says Cardui Made Her Well.

Texas City, Tex.—In an interesting statement, Mrs. G. H. Schill, of this town, says: "For three years I suffered untold agony with my head. I was unable to do any of my work.

I just wanted to sleep all the time, for that was the only ease I could get, when I was asleep. I became a nervous wreck just from the awful suffering with my head.

I was so nervous that the least noise would make me jump out of my bed. I had no energy, and was unable to do anything. My son, a young boy, had to do all my household duties.

I was not able to do anything until I took Cardui. I took three bottles in all, and it surely cured me of those awful headaches. That has been three years ago, and I know the cure is permanent, for I have never had any headache since taking Cardui. . .

Nothing relieved me until I took Cardui. It did wonders for me."

Try Cardui for your troubles—made from medicinal ingredients recommended in medical books as being of benefit in female troubles, and 40 years of use has proven that the books are right. Begin taking Cardui today. NC-134

Your Winter's Coal Supply

On account of rulings of the U. S. Fuel Administration, it seems doubtful if Virginia will receive sufficient anthracite coal to supply the demands. If present rulings are maintained, this shortage will be very great in Alexandria and we earnestly advise our customers to put in a reasonable amount of bituminous coal as a safeguard against a coal shortage next winter.

We are now securing some very fine bituminous coal which we believe will work in all characters of coal burners but the latrobe stoves.

TIME IS THE TEST.

The Testimony of Alexandria People Stands the Test.

The test of time is what tells the tale. The public soon finds out when misrepresentations are made, and merit alone will stand the test of time.

Alexandria people appreciate merit, and many months ago local citizens publicly endorsed Doan's Kidney Pills; they do so still. Would a citizen make the statement which follows unless convinced that the article was just as represented? Below is testimony such as the sufferer from Kidney ills is looking for.

Mrs. G. W. Davis, 107 Prince St., Alexandria, says: "Doctors treated me for along while and pronounced my case of kidney trouble a severe one. Often I felt so listless and nervous, I almost gave up hope. Doan's Kidney Pills brought me relief after everything failed. Doan's strengthened my kidneys and removed the trouble."

THREE YEARS LATER Mrs. Davis added: "I still take Doan's Kidney Pills occasionally when my kidneys don't act as they should. I always get quick relief."

Price 60c., at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Davis had. Foster-Milburn Co., Mfgrs., Buffalo, N. Y.

Better Cooking by Electricity

Women have long known that electric cooking is cleaner, that it banishes all the dust and ashes of coal and wood and soot and fumes of gas. They have known that it makes the kitchen cooler; the air purer; that is the most convenient way to cook. Now they have the word of the women who stand for the most scientific cooking methods known, that electric cooking produces better results than any other means.

Let us demonstrate the various sizes of ranges and refer you to the satisfied electric range users.

NEWS OF THE DAY.

Cardinal Sebastian Martinelli, prefect of the Sacred Congregation of Rites and former papal delegate to the United States is dead in Rome.

The House late yesterday afternoon, by a vote of 221 to 4, passed the resolution authorizing the President to take possession of and operate the telegraph and telephone lines of the country.

With the receipt every day of new stories of German brutality toward British prisoners of war, the demands for reprisals in England is growing. Hardly a day passes that the newspapers do not carry tales of Hun inhumanity in the treatment of prisoners.

More than 1,500 prisoners were taken by the Anzac and American troops of the British fourth army on the Somme when they captured Hamel village and two woods yesterday. Among this bag were forty officers. All German counter attacks were easily beaten off.

During the past week the British brought down one hundred and ninety-five German airplanes. Fifty-two British machines were lost. British bombing planes yesterday morning raided the German cities of Coblenz, on the Rhine, and Saarbruecken. In an engagement over Saarbruecken two German machines were brought down. The raiders suffered no losses.

Two persons were killed and five others seriously injured in a triple automobile and electric car accident below Hedmans toll gate, near Quakertown, Pa., shortly before noon Thursday. Samuel S. Gulick, aged 65, president of Perkasie Borough Council, was killed instantly, and Miss Mary Green, aged 22, of Perkasie, died in the Grand View Hospital, Sellersville.

The United States transport Covington was sunk by a German submarine July 1. Six members of the transport's crew are missing. All the others, officers and men, were landed at a French port. No troops were on board. The Covington was formerly the Cincinnati, and was one of the German ships taken over by this government when the United States entered the war.

Forecast that there will be a probable tieup of cable service between Europe and America, unless the Western Union Telegraph Company grants demands of the Commercial Telegraphers' Union of America for higher wages and the right to organize, was made in Chicago yesterday by S. J. Konenkamp, president of the union. Konenkamp declared authority had been asked and granted to the Commercial Telegraphers of the Great Northwestern Telegraph Co., the Canadian branch of the Western Union, to join in the strike of the telegraphers' union scheduled for July 8.

Three negro soldiers, convicted by court-martial of assaulting a seventeen-year-old white girl on the cantonment grounds at Camp Dodge, Iowa, on the night of May 24, were hanged yesterday with virtually the entire division witnessing the executions. Three negro soldiers among the spectators fainted, and another ran amuck. Guards overpowered him. A white soldier also fainted.

Miss Jeannette Rankin, of Montana, the only woman Representative in Congress, announced yesterday her candidacy for the United States Senate, to succeed Senator Thomas J. Walsh. In doing so she violated all precedent. She said her say in an eight-word signed statement, to-wit: "I shall run for the United States Senate." Further than that she would say nothing.

Reports have reached London from Dutch sources that the death of the Sultan of Turkey, Mohammed V, which took place on Wednesday night, was not due to natural causes and presumably was part of a revolutionary movement in the Ottoman empire.

Germany must be barred from the Pacific ocean through the conbined efforts of the United States, Japan and Great Britain, so Senator Saulsbury, of Delaware, insists. The Senator put in a resolution yesterday which would prevent Germany from ever again possessing her far outposts, such as Kiao-Chau, the Caroline Islands or German Samoa, unless she shows to the world that she is willing to maintain the ordinary standards of mankind. Otherwise, the proposed triple alliance—perhaps with the addition of Russia and China—would stand between her and her cherished possessions, which she has already made known will play a large part in the negotiations about the peace table. The resolution was sent to the Foreign Relations Committee.

TO FIX SHOPMEN'S WAGES.

Recommendations of Board Sent to Director-General.

Washington, July 6.—Recommendations of the Railway Wage Board on the question of increased pay and working conditions of railroad shopmen have been completed and forwarded to Director-General McAdoo at San Francisco. This announcement was made last night by the Railroad Administration.

There was no indication what the board's decision was. The shopmen asked for higher wages than was given them under the orginial wage increase for railway employes, as approved by the Director-General. In protest against that award shopmen at Alexandria, Va., and Silvia, Ill., walked out, but the strikes ended speedily upon promise by Mr. McAdoo would take up the shopmen's complaint.

FOOD RIOTING IN VIENNA

Chaos Said to Exist In Austrian Capital Over Cut in Rations.

London, July .—Daily food riots continue to create chaos in Vienna a Zurich dispatch says. Great throngs of people stand in line all night to obtain meat, but nine-tenths of them always fail to do so.

There is great indignation over the latest imperial order reducing the hospital rations 10 per cent. The order reduces the hotel allowances in Vienna 20 per cent. A further reduction is said to be highly probable, since the demands for food for the fighting forces must be met from the limited stocks.

SOUTH AFRICA UNEASY

German Machinations Stirring Up Trouble There.

Pretoria, July 6.—Premier Botha, of the Union of South Africa, has issued a statement showing that serious unrest exists in South Africa. Strong police and military measure are being taken to cope with the situation. Premier Botha said that had not prompt and effective military measures been taken the situation would have culminated in a grave disturbance and probably serious loss of life.

The Boer leader added that the government had information pointing to the existence of a movement having for its object the submersion of the constitution by violent methods.

London, July 6.—South African troubles have been the subject of rumors in London for some days. It has been known that serious strikes have been in progress in the Transvaal mines and it has been reported that these had an anti-government purpose and had been stirred up be German agents or irreconcilable Boers.

A message from Johannesburg says that all the natives who had refused to work on Wednesday later had resumed their duties.

A correspondent of the Times, telegraphing from Capetown Monday, said:

"The movement was originated by international Socialists, working on the educated natives, and was helped by the effect of the increased cost of living."

There have been few serious troubles in South Africa since the outbreak of the war, although early in the conflict a rebellion broke out in which the establishment of a republic was planned. Premier Botha, who, although he fought against the British in the Boer War, has been one of the strongest supporters of the empire in the present conflict, personally took the field against the rebels and crushed the rebellion, late in 1911.

FINNS TO GET INTO THE WAR.

Speedy Declaration Against Entente Expected.

Stockholm, July 6.—At editorial offices here a declaration of war by Finland against the Entente nations is expected at any hour.

Germany assisted the present Finnish Government to establish itself by sending to Finland German troops, with whose aid the Red Guard, which was endeavoring to establish a regime of the Bolshevik type, was defeated. German influnce has since been predominant in Finland and there has been encouragement for the Finnish Government to extend its activities toward the Murman coast, where runs the Murman railway from the White Sea port of Kola, built to give the Allies another entrance into Russia. An Entente force, including American Marines, has been guarding this railway and the supplies at the port.

Reports from Stockholm on July 3 declared that Germany had landed additional large military forces on the Finnish coast, these troops being well supplied with artillery and fully equipped.

FORMER MAYOR KILLED

John P. Mitchell Meets Death in Airplain Accident.

New York, July 6.—Former Mayor John P. Mitchel, of New York, has been killed in an airplane accident at the camp where he was in training as an aviator, according to reports received here.

Rules in ouster proceedings against Chief of Police C. A. Sherry, Captain George E. Pollock, Detective Sergeant Louis Bertucci and Policemen C. A. Strain of Richmond have been drawn up and are ready for presentation to the court as soon as they have been typewritten. The papers are in the hands of Attorney Dunford, of the state prohibition department, and as soon as he has made copies of them they will be presented to the court.

A WORD WITH WOMEN.

Valuable Advice for Alexandria Readers.

Many a woman endures with noble patience the daily misery of backache, pains about the hips, blue, nervous spells, dizziness and urinary disorders, hopeless or relief because she doesn't know what is the matter.

It is not true that every pain in the back or hips is trouble "peculiar to the sex." Often when the kidneys get congested and inflamed, such aches and pains follow. Then help the weakened kidneys. Don't expect them to get well alone.

Doan's Kidney Pills have won the praise of thousands of women. They are endorsed at home—Read this Alexandria woman's convincing statement:

Mrs. Milton Moor, 123 Duke Street, says: "Doan's Kidney Pills are a household medicine for kidney trouble in our family. I have taken them on several occasions for backache and other kidney disorders with every beneficial results. I am quite sure Doan's will help anybody who gives them a good trial. I know they are a medicine of merit."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Moor had. (Foster-Milburn Co., Mfgrs., Buffalo, N. Y.

Little hands are often soiled and sticky—careless of spotless walls. Walls of Velour Finish can be washed—but you can't wash wall paper. We guarantee satisfaction to users of

DEVOE *The Guaranteed Velour Finish*

We know that it is more economical than wall-paper. Also is sanitary. Soap and water will easily remove all traces of grease and dirt from walls, ceilings and woodwork painted with Velour Finish. It is easy to apply and it is economical and artistic.

We recommend it above all others as a durable finish for new and old walls. The free booklet—"Harmony in the Home"—shows many attractive color schemes.
